

What is Quick Quote?

Quick Quote is an online quotation facility which allows buyers to obtain competitive quotes electronically for low value requirements. Details of the Quick Quote are created on the portal and distributed to a select list of suppliers. Quick Quotes are only distributed to the selected suppliers and are not made public on the portal.

If invited to quote you must complete the required details and submit your quotation using the secure tender Postbox (for more information on this please see the Tender Postbox guide)

How do I get selected for a Quick Quote?

Buyers can search for your registration using the company name or post code you provided when registering on myTenders. They can also perform a search for suppliers within certain commodity categories. To add the appropriate commodity categories click on the relevant link in your Supplier Control Panel.
